FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Josiah Macy Jr. Foundation

Opinion

We have audited the accompanying financial statements of Josiah Macy Jr. Foundation (a nonprofit corporation), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Josiah Macy Jr. Foundation as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Josiah Macy Jr. Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Josiah Macy Jr. Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of Josiah Macy Jr. Foundation's internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Josiah Macy Jr. Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Lutz + Can, LLP

New York, New York April 19, 2023

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 1 - Organization and Summary of Significant Accounting Policies

a - Organization

The Josiah Macy Jr. Foundation (the "Foundation") is a private foundation which provides grants to colleges, universities and other professional associations relating primarily to health professional education.

b - Cash and Cash Equivalents

For purposes of the statement of cash flows, the Foundation considers all unrestricted highly liquid debt instruments, purchased with a maturity of three months or less, to be cash equivalents, except for cash and short-term investments managed by the Foundation's investment managers as part of their long-term investment strategies.

c - Fair Value

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-based measurement. Generally accepted accounting principles establish a framework for measuring fair value which maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset based on market data obtained from sources independent of the Foundation. Unobservable inputs reflect the Foundation's assumptions about the inputs market participants would use in pricing the asset developed based on the best information available in the circumstances. Fair value measurements are categorized into three levels as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date.
- Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 Inputs that are unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. Level 3 assets and liabilities involve greater judgment than Level 1 or Level 2 assets or liabilities. Reporting entities that measure the fair value of an investment using the net asset value per share or its equivalent as a practical expedient are not required to be categorized within the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

d - Investments

The Foundation reflects investments with determinable fair values at their fair value in the statement of financial position. Unrealized gains and losses on investments are reflected in the statement of activities as increases and decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law.

The Foundation's alternative investments, which do not have readily determinable fair values, are reported based upon the underlying net asset value per share or its equivalent as a practical expedient and are not required to be categorized within the fair value hierarchy. Net asset value per share is estimated at fair value by the fund manager or general partner in a manner consistent with accounting principles generally accepted in the United States for investment companies. The Foundation reviewed and evaluated the values provided by the fund managers and general partners and accepts the valuation methods and assumptions used in determining the net asset values of these investments. These estimated fair values may differ from the values that would have been used had a ready market for these investments existed.

e - Property and Equipment

Property and equipment are recorded at cost and are being depreciated using the straight-line method over the estimated useful lives of the assets ranging from five to forty years.

f - Grants

The Foundation normally provides grants to colleges, universities and other professional associations for a period of one to three years. These grants are recorded as expense at the time they become unconditional. Conditional or revocable grants are disclosed as future commitments.

g - Financial Statement Presentation

The financial statements of the Foundation have been prepared in accordance with accounting principles generally accepted in the United States, which require the Foundation to report information regarding its financial position and activities according to the following net asset classifications:

Net Assets Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. These net assets may be used at the discretion of the Foundation's management and the Board of Directors.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 1 - Organization and Summary of Significant Accounting Policies (continued)

g - <u>Financial Statement Presentation</u> (continued)

Net Assets With Donor Restrictions

Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

All of the Foundation's net assets at June 30, 2022 and 2021 are classified as net assets without donor restrictions.

h - Expense Allocations

The cost of providing the various programs and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and the supporting service benefited. Expenses are allocated directly to programs and supporting services, where applicable, on a reasonable and consistent basis. A substantial portion of the Foundation's expenses are directly related to program activities. Certain expenses are attributable to more than one program or supporting service and require allocation. Salaries, payroll taxes and benefits, are allocated based on estimates of employee time and effort, while utilities, insurance and building maintenance and depreciation are allocated on overall salary percentages.

i - Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

j - Subsequent Events

The Foundation has evaluated subsequent events through April 19, 2023, the date that the financial statements are considered available to be issued.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 2 - Income Tax Status

The Foundation qualifies as a tax-exempt organization as defined by Internal Revenue Code Section 501(c)(3) and, accordingly, is not subject to federal income taxes under Internal Revenue Code Section 501(a). In addition, New York State (the "State") and New York City (the "City") have classified the Foundation as nonprofit in character and, as such, it is exempt from payment of income taxes to the State and City. However, as a private foundation, a federal excise tax of 1.39% is imposed on the net investment income of the Foundation.

Deferred federal excise tax (benefit) arises from temporary differences between financial and tax reporting related to the difference between the cost basis and the fair value of marketable securities.

In addition, as a private foundation, qualifying distributions are required to be made for charitable, educational, or religious and scientific purposes equal to approximately 5% of the average fair value of the Foundation's cash and investments. All such required qualifying distributions have been made through June 30, 2022.

Note 3 - Information Regarding Liquidity and Availability

The Foundation operates with a budget that is based on 5.25% (2022) and 5.25% (2021) of a five-year rolling average of the Foundation's investment portfolio. The budget is reviewed at the midpoint of the year and adjustments are made if the investment portfolio's current performance is not aligned with the five-year rolling average. Revenue to fund the annual budget expenditures comes from interest income, dividends and realized gains on the redemption of portfolio assets. The Foundation considers annual budget expenditures to consist of all expenses related to its ongoing program activities and expenses related to general and administrative activities.

The Foundation regularly monitors liquidity to meet its operating needs and other commitments and obligations, while seeking to maximize the investment of its available funds. Management prepares regular cash flow projections to determine liquidity needs and along with the Foundation's Investment Committee reviews its liquidity profile on a regular basis to ensure it has sufficient cash to cover no less than ninety days of expenditures. Financial assets in excess of daily cash requirements are invested in money market funds as well as short term Treasury and government agency instruments.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 3 - <u>Information Regarding Liquidity and Availability</u> (continued)

The Foundation's financial assets as of June 30, 2022 and 2021 available to meet cash needs for general expenditures within one year are summarized as follows:

	2022	2021
Financial Assets at Year End: Cash and cash equivalents Investments, at fair value Accrued interest and dividends receivable	\$ 812,121 135,303,465 53,108	\$ 911,239 152,550,448 50,911

Total	\$114,840,240	<u>\$135,303,465</u>	\$108,281,747	<u>\$152,550,448</u>

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 4 - <u>Investments</u> (continued)

The Foundation has investments in alternative investments that include limited partnerships, limited liability corporations and offshore corporations. While these investments contain varying degrees of risk, the Foundation's risk is limited to its capital investment in each investment.

In fiscal years 2022 and 2021, the Foundation committed to invest \$11,000,000 and \$6,500,000, respectively, in private investment funds that make periodic capital calls. Investment in these funds cannot be withdrawn, except upon consent of the private investment funds. As of June 30, 2022, the Foundation committed to invest a total of \$50,000,000 in private investment funds, of which approximately \$24,221,794 of these commitments remain outstanding.

Investment fees of approximately \$684,000 related to the alternative investments were netted against the unrealized appreciation in 2022. Such fees approximated \$691,000 in 2021.

The following summarizes the Foundation's investments that are measured on a recurring basis at June 30:

		2022		
	Fair Value	Level 1	Level 2	Level 3
Fixed income Equities	\$ 17,986,345 13,280,799	\$17,986,345 13,280,799	\$ - 	\$ -

Investments measured at net asset value	120,878,241			
Total Investments	\$152,550,44 <u>8</u>			

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 4 - Investments (continued)

The alternative investments included in the Foundation's investment portfolio at June 30, 2022 and 2021 are redeemable based on the following terms and conditions:

	2022	2021
Monthly with 5 - 30 days' notice Quarterly with 30 - 45 days' notice Quarterly with 60 - 65 days' notice Annually with 45 - 90 days' notice Every two years after two-year lock-up period	\$ 12,837,349 14,278,081 13,310,830 16,184,728 4,085,233	\$ 15,694,223 19,027,858 21,269,540 17,571,302 5,927,730
Every three years at anniversary of purchase No opportunity for redemption: distributions made at fund's discretion	1,217,957 42,122,143	2,955,660 38,431,928
Total	\$104,036,321	<u>\$120,878,241</u>

The following are descriptions of the investment strategies of the Foundation's investments:

Fixed Income

Invests in fixed income securities which provide current income to support operating cash flow, liquidity to take advantage of unforeseen market opportunities, and creates some measure of diversification. As a result, both credit quality and preservation of principal are a core emphasis of this allocation.

Equities

Invests in public equities with the objective of building a portfolio that is diversified by geographic region, economic sector, industry, and market capitalization which provides long-term capital appreciation.

Alternative Assets

Invests in investments commonly characterized as long/short "equity hedge" and "absolute return strategies" strategies. Equity long/short managers typically make both long and short investments and produce returns that can be expected to correlate more closely with the performance of the equity markets. Absolute return strategies typically involve event-driven, stressed and distressed credit and equity, macro, and spread-based arbitrage investments.

Liquidating Investments

Invests in non-liquid positions that will be realized over time.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 4 - <u>Investments</u> (continued)

Hybrid Investments

Invests in investments that tend to be heavily long biased and often have less liquidity than public equity funds or hedge funds, but exhibit shorter duration than traditional private equity and real assets funds.

Private Investments

Invests in investments that encompass diverse strategies including buyout, growth, venture capital and control-oriented distressed. These illiquid investments generally have four to six-year investment periods and approximately ten-year fund lives.

Real Assets

Invests in investments that encompass real estate, energy, timber, and commodities; these investments are expected to be in private strategies but may also include managers that invest in publicly traded securities.

Note 5 - **Property and Equipment**

Fixed assets at June 30 consist of the following:

	Life	2022	2021
Land		\$1,922,700	\$1,922,700
Buildings	40 years	1,291,072	1,291,072

Note 6 - Grants Payable

Grants payable as of June 30, 2022 (\$50,000) and 2021 (\$634,559) are payable within one year.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

Note 6 - Grants Payable (continued)

During the year ended June 30, 2022, the Foundation's Board of Directors had authorized grants of \$1,262,088. Of this amount, \$644,108 is to be paid in future years and is conditional upon the grantees making satisfactory progress toward stated objectives and is revocable by the Board of Directors if certain conditions are not met.

Cumulative conditional grants to be paid in future years totaling \$1,852,769, consist of \$644,108 and \$1,208,661 that were awarded during the years ended June 30, 2022 and 2021, respectively.

Note 7 - Retirement Plans

- a The Foundation has a noncontributory employee retirement plan with Teachers Insurance and Annuity Association (TIAA-CREF) covering employees who meet specified service and age tests. The plan is funded by the purchase of individual annuity contracts with an insurance company. Premium payments of \$175,388 and \$132,135 were charged to operating expense for the years ended June 30, 2022 and 2021, respectively.
 - In addition, the Foundation's employees have the option to participate in supplemental retirement plans with TIAA-CREF through payroll deductions.
- b The Foundation maintains 457(b) and 457(f) deferred compensation plans for its eligible officers. As nonqualified plans, the benefits due under these plans are general obligations of the Foundation. To accumulate the funds needed for distribution to the employee upon retirement or severance from employment, the Foundation makes regular contributions to separate accounts maintained by a third party plan administrator. For the years ended June 30, 2022 and 2021, expense under these plans totaled \$69,962 and \$78,500, respectively. As of June 30, 2022 and 2021, assets of \$761,052 (2022) and \$891,607 (2021) are included in prepaid expenses and other assets, and a liability in the same amount is included in other accrued liabilities in the accompanying statements of financial position.

Note 8 - Concentration of Credit Risk

The Foundation maintains its cash and cash equivalent balances in The Bank of New York Mellon, which at times, may exceed federally insured limits. The balances are insured by the Federal Deposit Insurance Corporation or the Securities Investors Protection Corporation up to certain limits.
